OUR STORY

EGO is part of an international manufacturing business established in 1993. Pioneers of cordless technology from the very first days, this desire for innovation and breaking new ground has helped us achieve exceptional growth.

Today we're one of the world's biggest tool manufacturers, employing more than 7,000 people. We produce over 10 million units each year, sold in over 30,000 outlets in 65 countries worldwide.

The brain power behind our battery power

Our talented team of over 400 highly qualified technicians are responsible for developing and delivering clean, reliable power tools for today's switched-on customers. Working in our dedicated R&D centre, they partner with our international teams to design innovative, durable and powerful tools that deliver superior performance.

As the industry's leading cordless specialist, our team of internationally and professionally recognised testing engineers implement international safety authorisations and help define global safety and quality standards.

Innovative ways we're reducing our impact on the environment

Innovation runs right through every aspect of our organisation. Not only in the products we develop but also in the ways we operate and the places we work.

In 2004 we installed a 7,000m² Green Roof system to our dedicated R&D facility. This has saved the equivalent of 5 litres of petrol per m² each year.

The roof of our Green Power Industrial Park features a 2 megawatt photovoltaic power station. Known as 'The Blue Roof', total 66,000m², the power this generates,

year-on-year, saves the equivalent of 755 tonnes of coal as well as cutting Sulphur Dioxide emissions by 50 tonnes and Carbon Dioxide emissions by 1677 tonnes annually.

The Green Power Industrial Park also utilises the latest in ground-source heating, air-conditioning and water-storage technologies. The ground-source heating system alone saves a massive 1 million kWh of electricity annually, the equivalent of 378 tonnes of coal. Cutting Sulphur Dioxide emissions by around 25 tonnes and Carbon Dioxide emissions by 839 tonnes each year.

ALL THE POWER OF PETROL. MINUS THE PETROL

The world is changing, fast. Our whole society is moving away from fossil fuels and adopting cleaner, greener energy. It's why we believe it's time for a new, smarter way to power through gardening and landscaping tasks. Introducing the innovative EGO Power+ system from the cordless specialists.

EGO Power+ delivers petrol-matching power, just without the noise, fuss or fumes. EGO's industry-leading ARC Lithium 56V battery technology delivers a new level of performance, giving you the dependable power you need to keep working hard until the job's done.

The minute you try this revolutionary cordless system you'll never look back. Comfortable to use, with impressive run times and fast recharge it offers the ultimate in convenience. There are no trips to the petrol station for fuel and no more having to store highly flammable liquids. Instead you get the freedom to work exhaust and emission free.

For real flexibility, the same ARC Lithium battery fits every tool in the EGO Power+ range. Just click in the battery and you're ready to go. Plus, all EGO Power+ products come with a domestic user 5 year warranty on tools and 3 year warranty on batteries. The warranty for commercial users is 12 months. Further details can be found on our website.

NEW FOR 2019

MORE IMPRESSIVE TOOLS MORE GROUND- BREAKING TECHNOLOGY

The latest tools from EGO Power+ offer technological advancements that make even the toughest tasks a breeze. Whether you're cutting grass, trimming hedges, clearing leaves or tilling soil, there's a tool for every task.

Fully compatible with EGO's 56V ARC Lithium battery system, you can expect the same impressive run times and super fast recharge times as standard.

Our industry-leading 56V ARC Lithium battery works with all EGO Power⁺ tools, even our commercial series. With great performance and long run times, simply select your tool, click in and go

BETTER FOR YOU, YOUR WALLET AND THE ENVIRONMENT

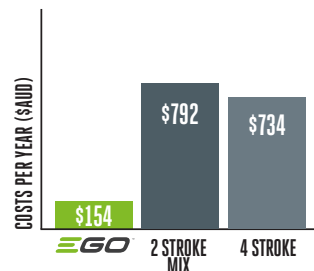

See just how well our tools compare

Powered by our industry-leading 56V ARC Lithium battery, the EGO Power+ system delivers petrol-matching power but without any of the downsides. It's simpler, cleaner, quieter and with less vibration is more comfortable to use. With lower running and maintenance costs, switching to EGO Power+ will lead to long term savings. Plus, with zero emissions during use, you can do your bit to reduce your impact on the environment too.

THE POWER TO OUTPERFORM PETROL

ZERO EMISSIONS DURING USE

Our ARC Lithium battery gives petrol-matching power but without the fuss and fumes

LESS NOISE AND LESS VIBRATION

EGO Power+ tools often operate at lower noise and vibration levels than traditional petrol-powered tools

EASY SET UP AND STARTING

No filling up with fuel; with EGO Power+ just click in the battery and get to work

LOWER RUNNING COSTS

The cost of running an EGO Power+ product for a month is around the same as using a 2 stroke product for a day*

FOLD FLAT, EASY STORE DESIGN

Unlike large heavy petrol mowers, the EGO Power+ mower's fold flat design makes storage and cleaning simple

NO PETROL TO STORE

Instead, EGO's rapid charger refuels batteries in as little as 30 minutes – less than the run time you get from a full charge

*Based on average daily use of 3 litres of post mix fuel per day.

LESS VIBRATION, LESS NOISE, MORE USER FRIENDLY

Designed so you can work comfortably all day long

With a smooth brushless motor and fewer moving parts, all EGO Power+ tools have been designed to operate with low levels of vibration, often under the 2.5m² Exposure Action Value limit (EAV) and well below the Exposure Limit Value (ELV).

This allows you to comfortably work with them all day long without any risk to your health. So, choose EGO Power+ and protect yourself every working day.

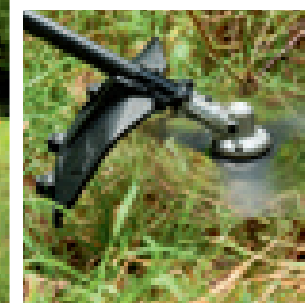

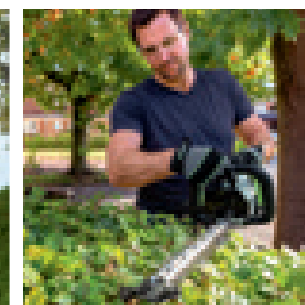

They are much quieter too

Let's face it. Petrol tools are noisy, and daily exposure can lead to hearing loss and also tinnitus – a permanent ringing sensation in the ears. Fortunately the EGO Power+ range is much quieter than petrol-powered alternatives which will reduce the risk of potential damage, especially over long-term use.

Operating noisy equipment can also lead to an increase in work-related stress. Many factors are known to contribute to this condition and rarely there is a single cause. However because EGO Power+ tools operate at lower sound levels, the working environment is quieter and less stressful for the user.

Those who regularly use handheld power tools may be at risk of Hand-Arm Vibration (HAV) syndrome. Also known as 'Vibration White Finger' it causes painful and disabling disorders of the blood vessels, nerves and joints.

Those affected may struggle with fine motor tasks and exposure to cold can cause extreme pain in the fingers. However HAV syndrome is preventable. One way it can be avoided is by choosing tools that vibrate less than traditional petrol-powered products; like the tools in the EGO Power+ range.

EGO POWER+ ARC LITHIUM DELIVERS THE INDUSTRY'S HIGHEST ENERGY CAPACITY

Our unique patented 56V ARC Lithium-Ion technology is designed like no other battery. It's why it performs like no other battery.

Designed from the ground up to deliver petrol-matching performance, the EGO Power+ ARC Lithium 56V battery has an innovative design to maximise battery cooling. Unlike conventional brick shaped batteries where the cells are packed together, overheat and shut down, our unique ARC design dissipates heat more effectively.

Keep Cool™ technology

It's not just the innovative ARC design that helps prevent overheating. The battery has another clever way to keep cool. Each and every cell is surrounded by our unique Keep Cool™ phase change material that absorbs heat energy and keeps individual cells at their optimum temperature for longer.

Intelligent power

Power is nothing without control. It's why the EGO Power+ ARC Lithium 56V battery is continuously controlled by software and microprocessors within the battery and by the tools' intelligent power management systems. The EGO Power+ ARC Lithium battery is constantly monitoring and optimising each individual cell, so you always get the very best power, performance and run time.

Exterior mounted battery

Unlike other manufacturers, our batteries fit onto the outside of our tools, and are not encased on the inside which means they stay cool to deliver longer lasting power. To keep them safe and sound, the electronics are protected from dust and moisture by a resin coating and the cells are packaged in a robust case that absorbs shocks and vibrations.

Fast recharge

All this clever thinking not only delivers the industry's highest energy capacity in a portable handheld battery. It also means when it's time to recharge, the EGO Power+ ARC Lithium 56V battery is the quickest around.

INNOVATIVE ARC-SHAPED DESIGN
Lowers temperature across the battery

FROM EMPTY TO FULLY CHARGED IN JUST 30 MINS

With a range of battery sizes available from 2.5Ah to 7.5Ah, you can choose the power you need to tackle any task. When it's time to recharge, the EGO rapid charger is the fastest on the market. The intelligent battery control system constantly monitors each cell's charge and temperature to deliver the most efficient and quickest charge.

Plus, the fan-cooling system allows the battery to start charging sooner and finish faster. As a result, the time it takes to refuel the battery is often less than the run time you get from a full charge. In fact with the rapid charger, the 2.5Ah battery takes just 30 minutes. So with two batteries on the go, you'll have all the power you need, all day long.

A BATTERY FOR EVERY TASK

From the lightest 2.5Ah to the high density 7.5Ah battery with the longest run time, we have the right battery for every task. And whatever size you choose, they all feature our innovative 56V ARC Lithium technology. Plus, all our batteries fit all our tools. So whichever you choose, simply click in and get to work.

Power and comfort, combined

Light, comfortable and ergonomic, the EGO Power+ Backpack Link harness is the most comfortable way to enjoy the industry-leading power. It works with all our batteries and by carrying the battery in the backpack instead of the tool, the weight is distributed evenly.

BACKPACK BATTERIES THAT WORK AS HARD AS YOU DO

Team up your EGO Power+ tools with one of our Lithium-ion backpacks

Balancing exceptional power with user comfort, EGO's Lithium-ion BAX1501 backpacks are ergonomically designed to keep you working all day long. The battery pack can be removed from the harness* allowing the battery to be shared amongst multiple users, each with their own harness. To ensure optimum performance, efficiency and longevity, these high-energy capacity batteries incorporate intelligent individual cell monitoring and balancing, both when it's powering a tool and when it's recharging.

Designed to perform, built to last

Delivering the run times you demand, EGO Power+ backpack batteries can give you a full day's work** from a single charge. The high-quality cells, with both high power rating and high energy density, can handle up to 1,000 charge cycles. Plus, with fast recharging, you can go from empty to full in just 3.5 hours.

Flexible performance

With long run times and improved user comfort, EGO Power+ backpack batteries are perfect for all-day use. They're compatible with all EGO Power+ tools, and as the battery is on the harness and not on the tool, the tools are even lighter and easier to use.

*Note the harness straps are supplied with padded comfort straps and may appear different.
**Dependent on the tool and based on an 8 hour working day.

BAX1501 COMMERCIAL BACKPACK BATTERY

The EGO Power+ commercial backpack battery delivers the power output and run times needed for demanding jobs. In fact, it has the same power as 80% of the petrol products currently in use. All minus the noise, fumes and vibration.

To make sure it's extremely tough and durable, we tested it to the extreme too. The commercial backpack battery can handle the heaviest downpours and still power the tool. Plus, the super robust casing is designed to take all of the knocks you can throw at it.

	BAX1501
CAPACITY	1568Wh at 56V rated
CONNECTION METHOD	Adapter / Plug-in
BATTERY WEIGHT	9.0kg w/o harness

INTRODUCING THE
EGO COMMERCIAL SERIES**

When we created our EGO Power+ commercial series we set our standards high. Not content with developing a range of tools that redefined what cordless tools can do – we looked to deliver power and performance that exceeds their petrol-powered equivalents.

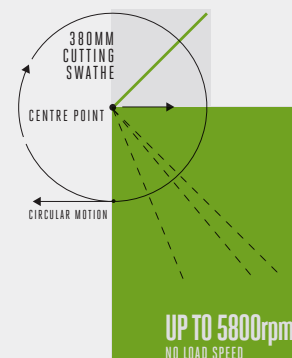

Designed to work harder, all-day every day, in the most challenging conditions. This range of high-spec tools and backpack battery take petrol-free working to a whole new level, ensuring productivity levels remain high.

Built to last and last

All tools in the commercial series are engineered to last longer, so you can cut maintenance time down to size. And because they are quieter, lighter with no fumes and less vibration, you can work comfortably for longer.

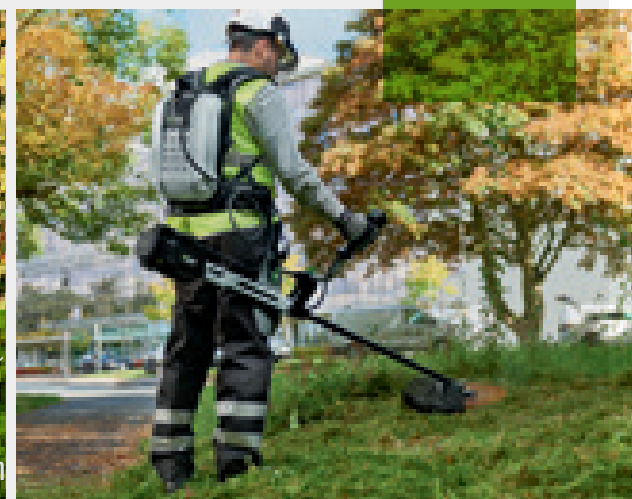

New range – same compatibility

EGO is a name you can rely on. With a history of cordless power innovation, we know the ability to mix and match batteries, backpacks, harnesses and tools is vital. This level of complete flexibility continues with the commercial series.

NOISE: 70dB(A)

NO LOAD SPEED

THE POWER OF PETROL WITHOUT THE NOISE, FUSS OR FUMES

Another great reason for choosing EGO is that you can power through any job, without the excess physical stresses and strains associated with heavy, noisy and vibrating petrol-powered tools.

A big benefit of choosing EGO's low-vibration cordless tools is how they help users avoid the risk of Hand-Arm Vibration Syndrome (HAVS). Also known as 'Vibration White Finger' it causes painful and disabling disorders of the blood vessels, nerves and joints.

THE TOUGH ANSWER TO ROUGH GROUND

Perfectly balanced for comfortable use, EGO's commercial line trimmers / brushcutters make short work of even the roughest ground. Power comes from EGO's commercial backpack battery and the ready-for-anything 2KW motor.

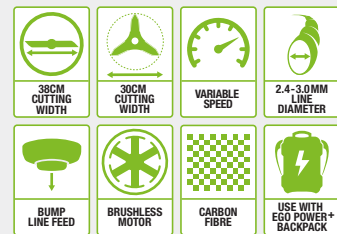

Light yet strong, the solid steel drive shaft is housed in a carbon fibre drive tube. Unlike alloy shafts, it won't bend and lose its shape over time, keeping vibration levels to a minimum.

BCX3800 COMMERCIAL LINE TRIMMER / BRUSHCUTTER

NEW FOR 2019

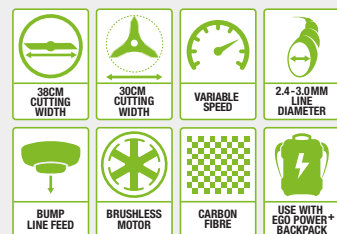

Leave the fuss and fumes of petrol behind with this powerful, pro-standard tool. Pair up with our commercial backpack battery BAX1501 for all-day power and comfort

CUTS CLEANER, RUNS LONGER. MAKES CUTTING HEDGES SHORT WORK

Designed for professionals, the commercial hedge trimmers are precision engineered to tackle the toughest hedges with ease.

Powered by the petrol-matching commercial backpack battery, a single charge delivers impressive run times. While the smooth and quiet brushless motor and gearbox give you all the power you need, without the vibration, fumes and noise of a petrol engine.

Blades that cut cleanly

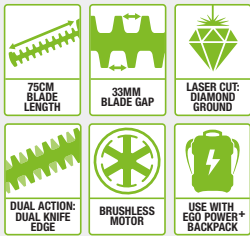

The high-quality EGO Power+ blades are made from laser-cut steel with diamond-ground edges to provide the cleanest cut and promote healthier hedges.

CUTS LIKE A PETROL MOWER. JUST CUTS OUT THE PETROL

Significantly quieter than a petrol mower and with far lower service costs and zero emissions during use, the EGO Power+ mower range offers a variety of cutting capacities.

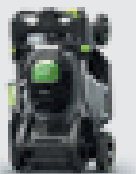

The variable speed self-propelled motor keeps you in control as you cut. Plus on a single charge our battery gives you up to 50 minutes run time*. Automatic Variable Speed on selected models, delivers optimal cutting speed to maximise battery run time whilst maintaining grass cutting performance.

The 3-in-1 functionality lets you cut, bag or drop clippings while the LED headlights let you work further into the day. And when you're done, the easy-fold design makes cleaning and storage simple.

VARIABLE SPEED SELF-PROPELLED MOTOR KEEPS YOU IN CONTROL AS YOU CUT

FOLDS IN SECONDS
For convenient storage and easy cleaning

*Run time can vary depending on model and battery as well as condition of grass and user operation technique.

Please note: some features are not available on all models.

A MOWER FOR EVERY LAWN. THE RIGHT TOOL FOR THE JOB

The EGO Power+ mower range showcases a variety of specifications designed to make lawn care quicker, easier and more efficient. And with model sizes ranging from 42cm to 52cm cutting width, there's an option for every task.

Technologically advanced in every way, each mower packs incredible petrol-matching power as standard. Thanks to our revolutionary ARC Lithium 56V battery system, they make minimal noise, emit zero fumes, and start up at the touch of a button. Plus, with an easy-fold design, they're surprisingly simple to store.

While these benefits apply to all EGO Power+ mowers, key differences make some models better suited to specific kinds of gardens.

CHOOSING THE RIGHT MOWER:

Small, tight spaces, or close to trees

For smaller spaces and improved precision around obstacles, self-propelled mowers with a smaller cutting capacity are ideal.

LESS ROOM TO WORK WITH?

Our compact 42cm model LM1700E is perfect for smaller spaces.

Additional comfort

If comfort is a priority, poly deck models are the lightest option. Self-propelled mowers require less effort, and with an adjustable handle, you can decide on the most suitable height.

Bigger, open spaces

A mower with a wider cutting capacity will help you cover more ground in fewer passes. Opting for a bigger battery will increase run time, as will automatic cutting speed control. For a quick clean-up, a larger capacity bag can collect more grass and needs emptying less often.

LARGER LAWN?

Try our 52cm model LM2102E-SP which makes even the biggest jobs feel small.

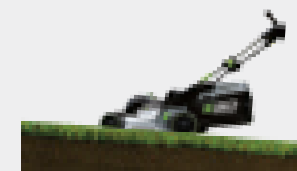

Finishes

EGO Power+ mowers come in two finishes: poly deck and steel.

Grass collection

There are 3 different ways that EGO Power+ mowers deal with cut grass. Great for lawns that aren't too thick, mulching redistributes grass particles and fertilising nutrients. Having a side discharge allows for quicker mowing through thick and long grass. Bag collection keeps lawns clear of any cuttings.

Sloped ground

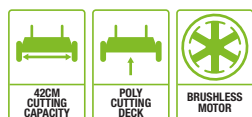

Using a self-propelled mower takes the strain out of pushing the mower uphill.

THE EGO POWER+ MULTI-TOOL. ONE TOOL LOTS OF OPTIONS.

With a single power unit and a range of high-tech attachments, the EGO Power+ multi-tool lets you breeze through a variety of jobs. Whether you're cutting grass, edging lawns, trimming hedges, sawing branches or tilling soil, switching between attachments is quick and easy thanks to our simple and secure tool-free coupling system. Plus our extension pole gives you the reach to tackle any height. Add to that our innovative 56V ARC Lithium battery and you have all the power you need, without the fuss or fumes and with less noise than traditional petrol-powered tools.

Attachments available:

- Hedge Trimmer
- Pole Saw
- Line Trimmer
- Brushcutter
- Edger
- Cultivator
- Extension Pole

THE POWER TO TACKLE ANY TASK

**One revolutionary power unit.
Seven ways to use it.**

Our most versatile tool yet, the EGO Power⁺ multi-tool makes more possible. Featuring six different attachments, easily switch from trimming to cutting to sawing to edging to tilling.

HEDGE TRIMMER

Ideal for shaping high and wide hedges and branches, the head angle is adjustable to suit the job at hand and allows for storage in small spaces.

POLE SAW

Slices through tree branches fast and efficiently. Combine with the extension pole to reach further and cut more.

BRUSHCUTTER

Made tougher, the brushcutter is built to deal with difficult undergrowth. From thick grass to tough weeds and undergrowth, cut through the most troublesome tasks with ease.

LINE TRIMMER

Trim grass along fences and walls with professional precision. Includes our Rapid Reload head, making it easier than ever to replace line.

EDGER

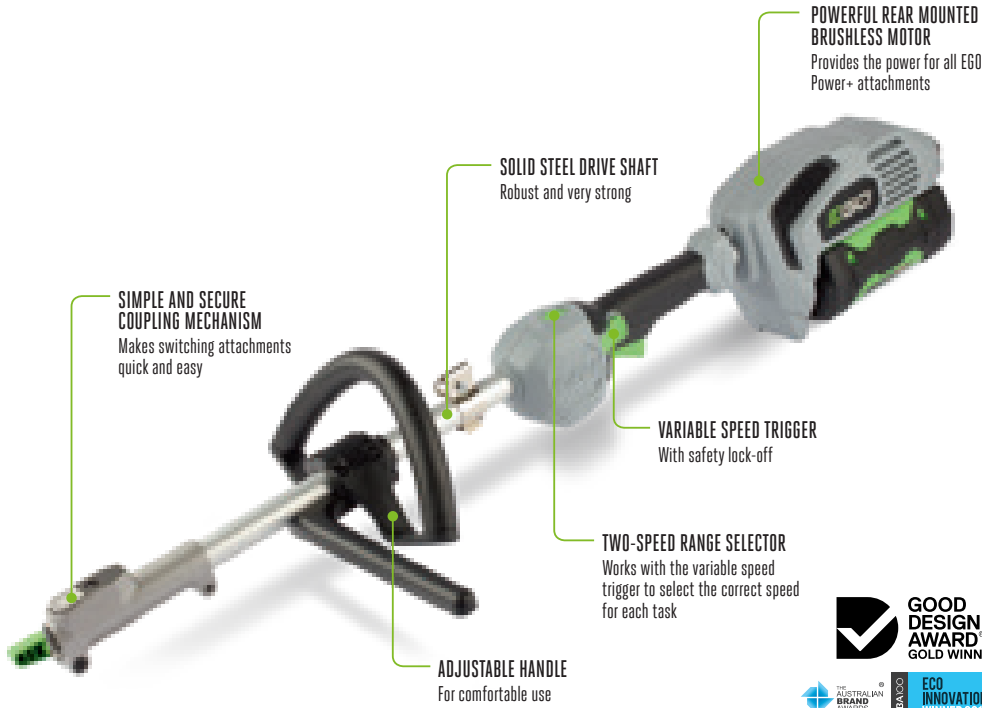

Give lawns a professional finish with the edger attachment. Ideal for neatening edges along paths, driveways or flowerbeds.

CULTIVATOR

The cultivator's teeth prepare soil prior to planting. Removing weeds and introducing air, it creates a loose bed, encouraging the growth of healthy plant life.

**NO PETROL.
JUST LOTS AND
LOTS OF POWER**

**QUICKLY
AND EASILY
REPLACE
THE LINE**

Powered by the ARC Lithium battery, the EGO Power⁺ line trimmers give you all the power you need to tackle the toughest jobs. The quick-adjust handle offers optimum balance and control and the large cutting swath cuts any task down to size. Plus the soft-start function and constant-speed control ensures consistent trimming every time.

Other features include cutting speed selection, easy line replacement and twin line trimming for faster cutting and lower vibration.

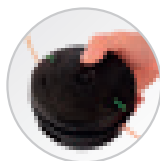

The rapid reload head, on selected models, enables quick line replacement with perfect winding every time to eradicate the nuisance of poorly fed line.

STEP 1
Line up the "load" lines and feed the line until equal amounts on both sides

STEP 2
Rotate the head and the line will perfectly wind into the spool

STEP 3
Once 15cm of line is visible on each side, the process is complete

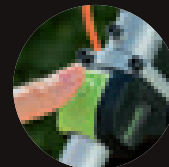

THE WORLD'S FIRST LINE TRIMMER WITH POWERLOAD™ TECHNOLOGY

Solving one of the biggest frustrations of line replacement, EGO's groundbreaking Powerload™ technology automatically winds your trimmer. Just thread the line, press the Powerload™ button and let the tool do the rest. Available on ST1520E-S.

STEP 1
Thread the line

STEP 2
Press the Powerload™ button to load line

**DIAMOND GROUND LASER CUT BLADES
FOR PRECISE CLEAN CUTS**

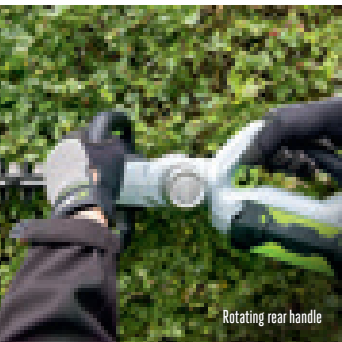

**BALANCED,
PRECISE,
POWERFUL**

Powered by the petrol-matching ARC Lithium 56V battery, a single charge delivers such impressive run times that you'll be amazed at how much hedge you can cut.

The well-balanced design also has a number of clever features to make using for long periods of time more comfortable. The rotating handle and dual trigger system provide enhanced user comfort and safety. While the smooth and quiet brushless motor and gearbox give you all the power you need, without the vibration, fumes and noise of a petrol engine.

Please note: some features are not available on all models.

Rotating rear handle

Two-speed selector

*IT'S LIGHT, COMFORTABLE TO USE
AND HAS ALL THE POWER YOU NEED*

Available in 61cm and 65cm lengths, there's an EGO hedge trimmer for every size job.

The EGO Power⁺ hedge trimmers feature double-sided knife-edge[†], laser cut diamond ground blades for precise clean cuts. The two-speed selector lets you choose the right speed for every task and the large

cutting capacity means you can get to work on larger hedges with thicker branches and stems.

Blade-tip protection stops damage from fences and walls. For safer working, the safety blade guard helps prevent injuries while the electric brake stops the blades when the trigger is released.

[†]Available on selected models.

Durable bar and chain

TOOL-FREE CHAIN TENSIONING AND DURABLE BAR AND CHAIN

IT CUTS, CUTS AND CUTS SOME MORE

The EGO Power+ chain saw is built tough to tackle even the hardest jobs. Trunks, logs, branches, nothing gets in its way.

The tool-free chain tensioning makes set up and adjustment simple. Check the lubrication level through the oil inspection window and you're ready to go.

It really cuts it when it comes to safety too. The chain kickback and electric brake protect you while you work. And the auto-lubrication system keeps the chain spinning freely at all times.

Plus with EGO's ARC Lithium 56V battery delivering such an impressive run time and incredible power on a single charge, it'll keep you working cut after cut after cut.

THE BACKPACK BLOWER THAT PACKS A PUNCH

Big jobs need big power. And that's what the EGO Power+ backpack blower delivers. With the ability to blow over 1020m³ of air per hour on Turbo Boost mode, the leaves don't stand a chance. With up to 3 hours run time* you can cover plenty of ground too.

But there's more to this clever blower than simply packing a punch. The smooth brushless motor significantly reduces vibration compared to its petrol-powered equivalents. It's a lot quieter too.

The comfortable padded backpack frame supports the blower, taking the strain off your arm and distributing the weight more ergonomically, making the backpack blower perfect for those really big jobs.

BLOWS PETROL-POWERED BLOWERS OUT OF THE WATER

Powered by a high-efficiency brushless motor, the EGO Power+ blowers feature jet turbine technology and large diameter tube to give maximum airflow. With a variable speed function designed to keep you in control, selected models also feature a Turbo Boost mode, delivering extra power for those hard to move objects. More than most handheld petrol blowers on the market. That's more than enough power to clear up even the biggest windfall.

**JET TURBINE TECHNOLOGY WITH
LARGE DIAMETER TUBE
TO GIVE MAXIMUM AIRFLOW**

Please note: some features are not available on all models

Flat nozzle for wet leaves

Clears stones from driveway

EVERYTHING YOU NEED TO KEEP YOU CUTTING, MOWING AND BLOWING

We've got everything you need to keep you working. And everything in the EGO Power⁺ range is made with the same care and precision as our Outdoor Power Equipment.

EGO POWER⁺ MULTI-TOOL BLADES, CHAIN AND BAR

AE08000

Multi-Tool edger blade for EA0800

AC1000

Multi-Tool pole saw chain for PSA1000

AG1000

Multi-Tool pole saw bar for PSA1000

ABB1203

Multi-Tool brushcutter blade for STA1500, BCA1200 and BC3800E

EGO POWER⁺ HARNESS

AP15000

Double-shoulder harness for BC3800E

EGO POWER⁺ MOWER BLADES

AB1701

High lift 42cm blade for LM1700E

AB1901

High lift 47cm blade for LM1900E-SP

AB2000

Standard 49cm blade for LM2000E

AB2001

High lift 50cm blade for LM2020E and LM2020E-SP

AB2101

High lift 52cm blade for LM2100E and LM2100E-SP

EGO POWER⁺ SHOULDER STRAP

AP1500

Single-shoulder harness with loop, one hook for ST1300E, ST1500E, ST1500E-F, LB5300E and BC3800E

EGO POWER⁺ LINE TRIMMER HEADS

AH1520

Powerload head for ST1520E-S
4 metre 2.4mm line length

AH3800

Commercial trimmer head (anti-clockwise rotation) for STX3800 & BCX3800
Line not included

AH1500

Rapid reload head (clockwise rotation) for ST1500E-F
4 metre 2.4mm line length

AH1501

Rapid reload head (anti-clockwise rotation) for BC3800E, STA1500 and ST1530E
4 metre 2.4mm line length

AH1300

Trimmer head assembly for ST1500E
4 metre 2.4mm line length

AH1302

Trimmer head assembly for ST1300E & ST1210E
5 metre 2.0mm line length

AH1531

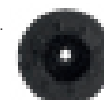

Any Insert head (anti clockwise rotation) for BC3800, STA1500 and ST1530E
4 metre 2.4mm line length

EGO POWER⁺ LINE TRIMMER SPOOLS

AS3800

Commercial spool for AH3800.
Line not included

AS1302

Spool with 2.0mm line for ST1300E & ST1210E
5 metre line length

AS1300

Spool with 2.4mm twist line for ST1500E
4 metre line length

EGO POWER⁺ LINE TRIMMER CAPS

AHB1520D

Cap for ST1520E-S
2pcs

ALC1501D

Cap for BC3800E, STA1500 and ST1530E
2pcs

EGO POWER⁺ CHAIN SAW CHAINS

AC1400

90PX chain for CS1400E

AC1600

90PX chain for CS1600E

EGO POWER⁺ CHAIN SAW BARS

AG1400

35cm guide bar for CS1400E

AG1600

40cm guide bar for CS1600E

EGO POWER⁺ CHAIN SAW BARS & CHAIN COMBO

AK1400

35cm guide bar and 90PX chain for CS1400E

AK1600

40cm guide bar and 90PX chain for CS1600E

EGO POWER⁺ MULTI-TOOL ICONS

 QUICK CHANGE	Switch tools quickly for each task	 ADJUSTABLE CUTTING ANGLE	For comfort and versatility	 ADJUSTABLE CUTTING DEPTH	For precise and easy edging	 21/24CM CUTTING WIDTH	The easier way to prepare soil for planting
--	------------------------------------	---	-----------------------------	---	-----------------------------	--	---

EGO POWER⁺ MOWER ICONS

 XXCM CUTTING CAPACITY	Cutting width to suit any size lawn	 SELF-PROPELLED	Variable speed to suit your walking pace	 POLY CUTTING DECK	Light and manoeuvrable, while remaining durable	 METAL CUTTING DECK	Tough and durable cutting deck
 AUTOMATIC VARIABLE CUTTING SPEED	Motor adjusts to grass conditions, saving energy	 BRUSHLESS MOTOR	Highly efficient and powerful maintenance-free motor				

EGO POWER⁺ LINE TRIMMER AND BRUSHCUTTER ICONS

 XXCM CUTTING WIDTH	Wide cutting swath for faster, more efficient trimming	 XXCM CUTTING WIDTH	Wide cutting width for fast and efficient trimming	 REVERSIBLE CUTTING BLADE	Enhanced durability and simplicity	 TWO-SPEED	Two-speed motor adjustable for task and economy needs	 VARIABLE SPEED	Constantly adjustable speed to match the needs of the task
 X.XMM LINE DIAMETER	Ideally suited to the tool for the best cutting results	 BUMP LINE FEED	Simple line feeding making work simple and efficient	 RAPID RELOAD HEAD	Fast and tool-free line reloading	 QUICK-ADJUST HANDLE	Adjust handle without additional tools	 ANTI-CLOCK WISE ROTATION	For increased safety and efficiency
 POWERLOAD HEAD	Insert the line press to wind	 CARBON FIBRE SHAFT	Strong and durable shaft						

EGO POWER⁺ HEDGE TRIMMER ICONS

 XXCM BLADE LENGTH	Ideally suited to the tool for the best cutting results	 XXMM BLADE GAP	Enabling precise and clean cutting	 TWO-SPEED	Two-speed motor adjustable for task and economy needs	 LASER CUT DIAMOND GROUND	Precisely cut and sharpened for great results	 DUAL ACTION: DUAL KNIFE EDGE	Less vibration to tackle the toughest jobs
 ROTATING REAR HANDLE	Rotating rear handle for greater comfort and versatility	 BRUSHLESS MOTOR	Highly efficient and powerful maintenance-free motor						

EGO POWER⁺ CHAIN SAW ICONS

 XXCM BAR LENGTH	Ideal for all cutting tasks	 XX.XM/S CHAIN SPEED	Smooth and fast cutting	 CHAIN BRAKE	Enhancing safety while in use	 BRUSHLESS MOTOR	Highly efficient and powerful maintenance-free motor
---	-----------------------------	--	-------------------------	--	-------------------------------	--	--

EGO POWER⁺ BLOWER ICONS

 XXXMX3/H TURBO BOOST	Increased power to clear large areas	 VARIABLE SPEED CONTROL	Constantly adjustable speed to match the needs of the task	 BRUSHLESS MOTOR	Highly efficient and powerful maintenance-free motor
--	--------------------------------------	---	--	--	--

WARRANTIES YOU CAN RELY ON

Domestic use

Commercial use

The support of our service dealer network

With a nationwide network of EGO approved service dealers, you're never too far from the support you need. From selecting the most suitable tools for your needs to providing an outstanding after sales service, get great face-to-face advice whenever you need it.

Original spare parts

We're here to keep your tools running for years to come. We can provide the spare parts to extend the life of the tool.

Committed to quality

We're one of the biggest power tool manufacturers in the world with over 7,000 employees and over 10 million units manufactured each year. To make sure our tools combine petrol-matching power with the ease of use and reliability you need, we've invested heavily into research and development to become one of the world leaders in battery technology. Our advanced manufacturing process is highly digitalised and automated to ensure the consistent high quality and performance of our tools.

*For defects caused by material or manufacturing fault. This does not cover wear and tear.
